# Jobs Expo Ireland returns safely under HSE Covid-19 Guidelines.

## Covid-19 Update For Exhibitors

As a responsible exhibition organiser, Careers Unlimited is a member of the Irish Exhibition Organisers Association, the Event Industry Association of Ireland and, by extension, The Global Association of the Exhibition Industry. Our events will operate under the guidelines of 'Irish Exhibition Organisers Association COVID-19 Roadmap to Safe Exhibitions' and 'Living with Covid-19 - Protocols for Re-opening'.

## Hygiene

- Face masks to be worn by all staff and organisers at all times
- Use digital brochures as best you can
- No giveaways or promotional gifts allowed
- We will reduce the volume of materials dispersed within each venue such as brochures, welcome packs and flyers.
- Exhibitors will have the option of an additional 'Hygiene Pack' with their exhibition stand that will offer them a hand-sanitiser, acrylic barrier screen and paper towel dispenses at their stand. We will closely observe advice from the Government of Ireland and the HSE in relation to Covid-19 precautions and will update our policies as appropriate.

## Social Distancing

- Stands will be as open as possible e.g two or three sides
- Wider aisles so people can move through event easily and safely
- Flow management system orchestrated by Jobs Expo and venue staff
- We will be providing additional space for staff during breaks. This space will allow staff to socially distance while eating.
